Another grievance of men whose vessels are being run by the Shipping Board is that it has discriminated in awarding the privilege of operating ships to "hy nght" concerns that were unknown before the war to reputable shipping firms, ignoring the big freight lines with years of experience behind them. The steamship man who imparted this information said that one of these favored concerns bought out a small line in which a member of the Shipping Board once had an interest and intimated that this might have had something to do with the selection of the new company. A company with only one American vessel had been selected to operate a fleet of American freighters, while owners of millions of dollras worth of commandeered tonnage were ignored.

Companies whose ships have been taken are wondering how much they will have to pay for them to get them back after the war should they still be affoat. The shipbuilding yards that contracted originally for many of the ships have been taken over by the Shipping Boards, which declares that it will require, so THE SUN'S informant asserts, all owners of vessels compleed under Government supervision to pay for the increased cost of labor and "depreciation of the constructing yard."

Judge Hand Imposes 80 Day

Jail Terms on Two

Bartenders.

The cafes and dance halls of New Rochelle which had been violating the army Bone dry law received another sizuling, on the official grill yesterday.

Judge Augustus N. Hand, in the United States District Court, imposed thirty day Judge Augustus N. Hand, in the United States District Court, imposed thirty day Judge Augustus N. Hand, in the United States District Court, imposed thirty day Judge Hand was Henry W. Grab, son of Jacob Grab, proprietor of Germania Hall, one of the places raided by United States Marshal McCarthy a month ago. In disposing of his case Judge Hand said the Marshal's action had been vindicated, and ndded:

"There is no doubt in my mind that Germania Hall was a demoralising place for soldiers and sailors, Discipline cannot

supervision to pay for the increased cost of labor and "depreciation of the con-structing yard."

Shipe May Be Seized.

. If they object to this, which will send the price of vessels contracted for eighteen months or two years ago far shove the contract price, the Government above the contract price, the Government through a third operating concern will take possession of the vessels. The vessel owners say they would like to know what percentage the Shipping Board is going to charge for the "depreciation of the constructing yard."

the constructing yard."

A representative American steamship owner said: "In regard to profiteering by the Shipping Board or, if you please, the Government, it was made possible by a clause in the charter party. When we signed the charter party we objected to the clause. Our objection was waved aside. They had the right to take our biles analyse and we were quite willing. that they should take them, being quite as patriotic as any other business Amerfrans. But we would like to know the moral difference between Governmental profiteering and individual or corporate

TANK BALKS AT COLD.

Will Perform at Court House Site When Weather Improves.

Even a British tank balked yesterday at the job of tackling New York's zero weather and went back in its garage to suik until the Weather Man turned on some other kind of breezes than those that emanate from Medicine Hat and points northwest.

The tank was scheduled to run around and smash a brick wall or two on the site of the new court house, near the Municipal Building, at noon yesterday, but the boss of the tank said that while he had negotiated mud, played with machine gun fire and dodged Germanny's best artillery he would be derned if he was going to take his tank out in zero weather, even in the interest of recruiting, for which the exhibition was to have been staged.

The tank will perform as soon as the soft pedal is on the blissard.

THREE OF INTERNED ALIENS GET PAROLE

Three more enemy allens who were leased yesterday. Each was liberated on orders issued by Attorney-General Greg ory in Washington, and none in the Fed

permitted to use intoxicants, and there appears to have been a free use of intoxicants in this place by such men. The evidence satisfies me that there was a reckless disregard for the law. As far as this court is concerned prison sentences will be imposed in all cases of this kind."

of this kind."

Judge Hand further expressed the opinion that Jacob Grab, proprietor of Germania Hall had been acquitted of the charge of conspiracy; to sell liquors to soldiers merely because the jury wanted to give him the benefit of a doubt

doubt.

James W. Osborne and Laurence H.

Axman, Assistant United States Attorneys, who accompanied the Marshal on his New Rochelle raid, pointed out that the Grabs did not dispute the charge that there were innumerable cases of intoxication among uniformed men in their place but merce displained to their place, but merely disclaimed

The other man sentenced was Bernard Lynch, who, like young Grab, works in his father's cafe. Grab was released on \$1,000 ball pending appeal.

WILLS AND APPRAISALS.

JULIUS M. COHN. died February 18, 1917. Net estate, \$1,396.698. His widow, May L. Cohn, receives, \$757.418: his sons, Maurice G. Cohn, it years old, income at 21 from \$55.774 and James L.
